PROFESSIONAL EXPERIENCE

PHP, Laravel

I joined Cubitrek in April 2024 as a Intern, where I have had the opportunity to work on a variety of real-world projects and significantly enhance my technical skills. During my time at the company, I have learned and applied technologies such as Google Apps Script for workflow automation, developed custom Google Chrome extensions, and gained hands-on experience with Python for web scraping tasks. Cubitrek has provided a valuable learning environment that has helped me grow both personally and professionally, and has sparked my deeper interest in fields like automation, scripting, and cybersecurity.

Projects

- ERP System on Laravel Real World (client)
- Inventory System on Laravel Real World (client)
- Ecommerce Web App Core PHP (Semster Project)
- Google Chrom Extention
- AppScript Automation
- Python WebScrapping
